

RADIATION TOXICOLOGY RESEARCH DIVISION

Daw Win Thaw Tar Lwin
BSc(Physics), MSc(YU),
Diploma in Radiation Safety (University of Kuala Lumpur, Malaysia)

1. Historical Background

The Radiation Toxicology Research Division at the National Poison Control Centre of Department of medical Research (Lower Myanmar) was established on 1st January 2003. U Htain Win, Research officer acted as the acting Head of the Division. The Division has established radiation safety practices of Radiation Protection Committee at the Ministerial level in accordance with the enforcement of regulations of Department of Atomic Energy (DAE) which is the authority for licensing and registration of radiation devices and radioisotopes. There is an in-house manual for safe handling of radioisotopes at DMR (LM). Future vision of the Division includes detection of occupational hazards due to radiation exposure in the community, promotion of information, education and communication for prevention of radiation hazards and radiation related accidents and injuries.
